2006

First Worldwide Drywall Sander with Suction effect

2007

VEZOS wins French International Prize

"Best Innovative Product of The Year"

2014

Innovative Multi Set Up Drywall Sander - 7 Meters Height

2015

New Generation Hydraulic Airless Sprayers with universal unique features:

Highest pressure, in its category 260 bar

First ever Upright Design & Compact Structure

VEZOS unique T.C.S. Technology

2016

VEZOS introduces the "Transform Concept" Transforming applications with smart accessories

2016

"Best Power To Weight Ratio Drywall Sander"

2016

Transform Concept R-LinePack" first worldwide airless spray to line striper transformation kit

2017

"Revolutionary Line Striping Range" unique features :

FlipDrive, double ride option - " Transform Concept"

Easy Gun Selector, featured control

Revolutionary Motion Control

On the Go, Pattern Selection

Foldable Chasse

Disk Lock Brake System

2017

First mid-range hydraulic airless paint sprayer

2017

"High Flow" Airless Texture Sprayer Range

Airless Paint / Texture **Runner**

- Runner Pro Hydraulic 260 bar
- R-LinePack Striping Kit

Line Striper Seat **FlipDrive**

- FlipDrive Double "Sit / Stand" Ride

Airless Paint / Texture **DURA**

- DURA-6 Standard / High-Flow
- DURA-8 Standard / High-Flow

Wall & Ceiling Sanders **HS/ERGO**

- Handysand Combo sander
- Handysand Basic sander
- ERGO Classic sander

Line Striper Range **ProStripe**

- ProStripe Hydraulic 200 Manual
- ProStripe Hydraulic 300 SP / Manual
- ProStripe Hydraulic 400 SP / AUTO

Pneumatic Airless Sprayers

- **Z**-FORCE
- **Z**-SPRAY

Hydraulic & Air Operated Pumps

R-LINEPACK - Line Striping Kit

"Transformation Concept"- First airless striping kit

Airless Paint Sprayer

3 in 1 Airless

Line Striping Kit

TRANSFORM YOUR AIRLESS

Cost Saving Ideas

Runner Airless + R-LinePack

Transform your airless sprayer into a hydraulic line striper, offering your clients a professional line striping job to their parking garage, or even line stripe local community roads .

VEZOS innovations allow contractors to advance in their business, without spending on an additional sprayer. Transform your airless, transform your business! Stripe parking lots, school playgrounds, malls, local roads ... etc.

All conversions & transformation take seconds, don't need any tools and most important save time & money !

Transform in seconds

Texture - Paint - Line Striping

Connect the Runner Airless by rolling the unit to the R-LinePack, the accessory will click into place. Secure with the foot break.

Attach the steering / spraying control on the main units handle. Adapt the airless spray gun in the holder.

The R-LinePack has transformed the Runner into a hydraulic line striping machine, saving its user the cost of an additional unit.

NO TOOLS REQUIRED

RUNNER - Airless Paint & Texture Sprayers

RUNNER hydraulic airless texture & paint sprayers, cover a wide range of coating materials, ideal for medium to large contractors that are looking to get the most out of their sprayer. Proven hydraulic operation & VEZOS hard chromed slow stroke pump, combined with cost effective accessories, is the best choice to get the job done.

Hydraulic Sprayer Runner PRO 7

Part number	23.1003812.G

Mid-range hydraulic airless sprayers

DURA Standard & High Flow Airless Series

"Hydraulic power in a **mid-range airless range**"

DURA range of airless spraying equipment, matches up reliability & productivity for medium to large size contracting projects. **DURA Texture Sprayers** are equipped with VEZOS - **Black Pump Series** - a hydraulic slow stroke pump with proven excellence over the years, eliminating classic electric sprayers disadvantages that cause downtimes while on the job.

DURA Texture Sprayers, are ideal for contractors that apply interior & exterior coatings and airless paints on a daily basis. Expecting only the best out of a VEZOS hydraulic airless sprayer, **DURA Standard** & **DURA High-Flow** series cover a full range of material flow enabling professional contractors to choose the correct unit for their daily jobs.

DURA

- Medium size contractors **first** hydraulic sprayer -

Standard Series

DURA hydraulic mid-range airless

DURA standard edition, is a step up for contractors taking on medium to large contracting jobs. Hydraulically operated, DURA STD texture sprayers offer professional contractors a heavy duty sprayer that replaces the downsides of common electric piston units, enabling them to match quality and productivity to an airless sprayer that meets their own requirements.

DURA Standard is the ideal sprayer for internal and external spraying applications, with zero emission and a high productivity rate. VEZOS medium size DURA sprayers reduce downtime and expensive repairs with a heavy duty constructed unit designed especially for the rough environment it is intended for.

High-Flow Series

DURA extra flow airless

DURA **High-Flow** texture & paint airless sprays cover the needs of those that ask for more out of their equipment. No settlements, when it comes down to a professional hydraulic pump, VEZOS TCS technology, upright design & hard chromed hydraulic piston pump are only a few of the features that make this edition a top of the range choice.

Equipped with a powerful 4hp motor and an outstanding 10.1 l/min material flow, the DURA **High-Flow** is ideal for contractors that take on continuous high production coating jobs, with simultaneously users, increasing their businesses profit per square meter.

DURA - Mid-Range Paint & Texture Sprayers

VEZOS hydraulic airless sprayers, are ideal for high volume heavy coating and maintenance jobs, offering an outstanding 177 to 260 bar working pressure, simulations users operation, a wide variety of material use and the markets well know hard chromed hydraulic pump, only offered on a VEZOS sprayer.

Paint & Texture Sprayer DURA 6 Standard

TRANSFORM YOUR SANDER

VEZOS Innovation applies to this product

Drywall Sanders - Wall & Ceiling Applications

Self-Gripping & Classic Sanding

Working with **3** extensions achieve an amazing **4+** meters working height.

Adjustable
rotating head.

Handysand drywall series

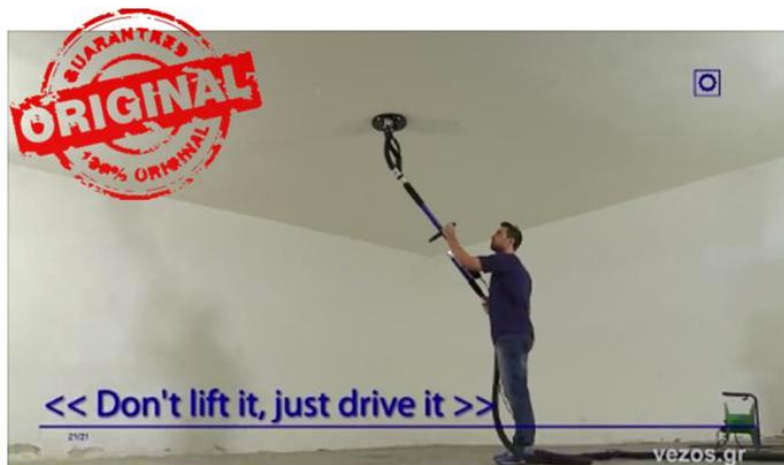

AUTO regulated suction - Gripping effect

Handysand Combo , combines VEZOS quality and innovation in one tool. Avoid scaffolding when sanding high vertical walls that are time and cost consuming. Add main extensions and take advantage of the **ARS Tech** that will automatically regulate the suction force and allow the Handysand to grip to the surface eliminating the weight of the tool and offering an amazing **7 meters working height**.

Handysand Basic, a one piece sander, with an optional hidden away retractable extensions, is ideal for contractors that simply want to plug in and sand. Easy operation, low service maintenance and of course VEZOS gripping effect.

VEZOS drywall sanders, are manufactured out of aluminum, fully welded & connect to all vacuum brands - keeping the cost low for the end-user.

Don't lift the weight of your tool!!

ERGO drywall series

Double length classic sanding procedure

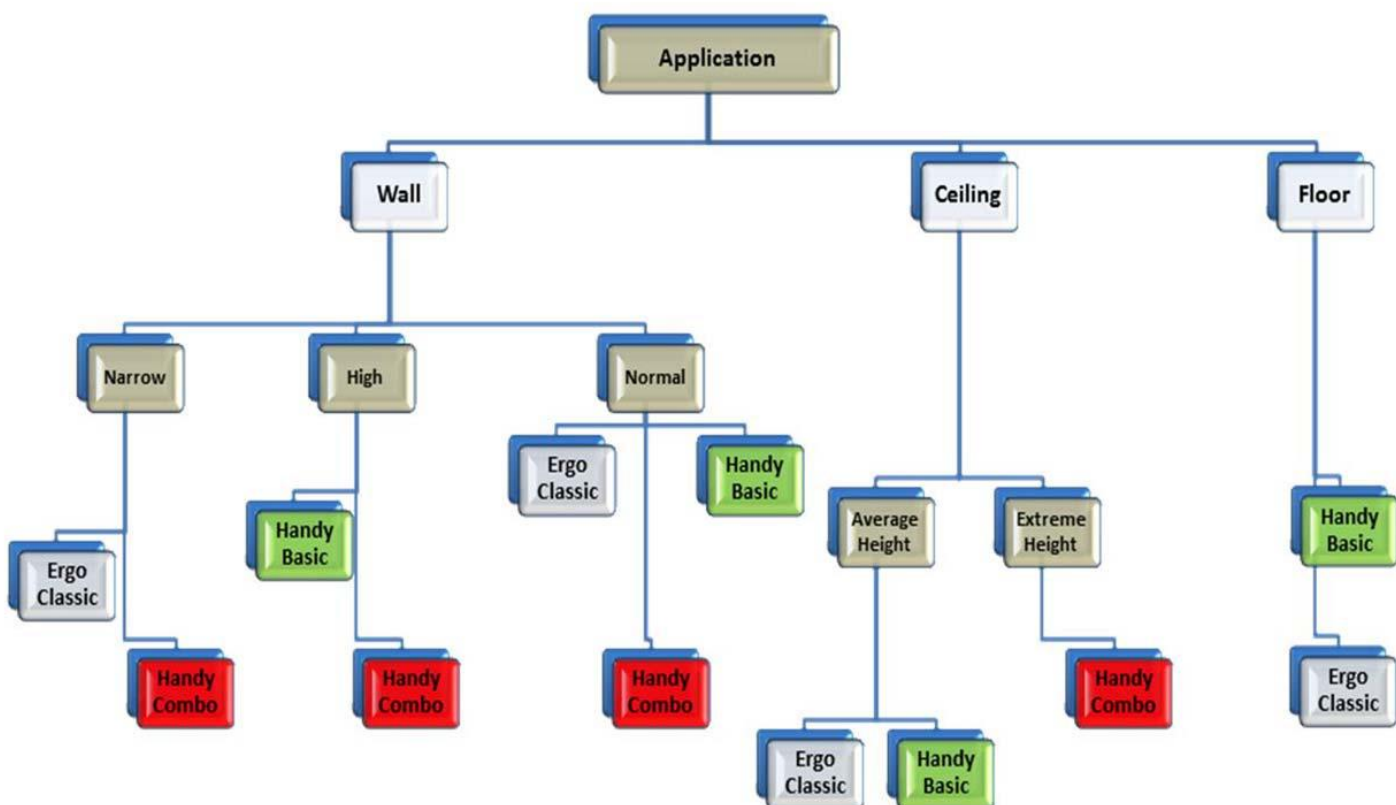

Ergo Classic wall sander is a challenge to the sanding industry. Its low weight compared to its strong powered motor offer users a unique sanding experience. Perfectly balance out, with a hidden away telescopic extension, the **Ergo Classic** sander transforms in length from a compact version sander of 130cm to a 174cm !

Ergo drywall sander connects to all vacuum collectors.

Increased visibility

Carefully designed, the ProStripe Self-Propelled striper with FlipDrive Seat, increases visibility even when striping with the bead hopper attached.

Choose between a sitting or standing position increasing the visibility of the road.

VEZOS ProStripe offers a panoramic view of the road & eliminates the blind areas, **even in sitting position with the bead hopper on !**

PROSTRIPE - Hydraulic line strippers

Foldable Chassis

Foldable Chassis

VEZOS Unique Features

MAKE IT FIT EVERYWHERE

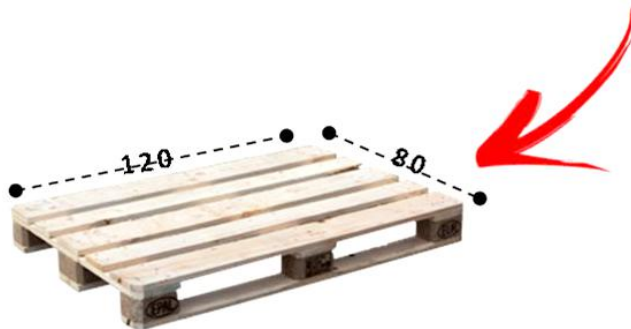

Pass with ease the ProStripe through any standard doorway, store it in your business, garage or warehouse without taking up the entire space and finally fit the ProStripe in any small city van or even Station Wagon that you may own, without having to bring it to parts, due to its foldable design. No tools needed to fold.

Pallet Concept

VEZOS Unique Features

VEZOS designs are cost saving on the job, but before the units arrive to their final destination, you the end-user, they are transported world-wide. Now you may think that this fact does not interest or concern you, well this is where the whole misconception is... The more space a product takes up, the higher the transport cost, therefore increase in your purchasing price! This is a fact that VEZOS takes very seriously and hopes to achieve the best value/product equation possible. How? By thinking out of the box, by smart innovative solutions. VEZOS ProStripe range all fit on a single standard European pallet 120cm x 80cm!

Dimensions (L*W*H)	65*61*96cm
Weight	46 Kg

Pneumatic Pump Z-SPRAY 50:1

Part Number	23.1002836
Air operated pump	FX 50
Motor size	1700
Fluid pressure ratio	50:1
Max. output pressure	343bar / 34.3 MPa
Max. air input pressure	7 bar / 0.7 MPa
Fluid flow (@120cpm)	8lit/min
Stroke Length	70mm
Displacement Pump	67cc
Pump fluid inlet	1 1/2" BSP
Dimensions (L*W*H)	65*61*96cm
Weight	59 Kg

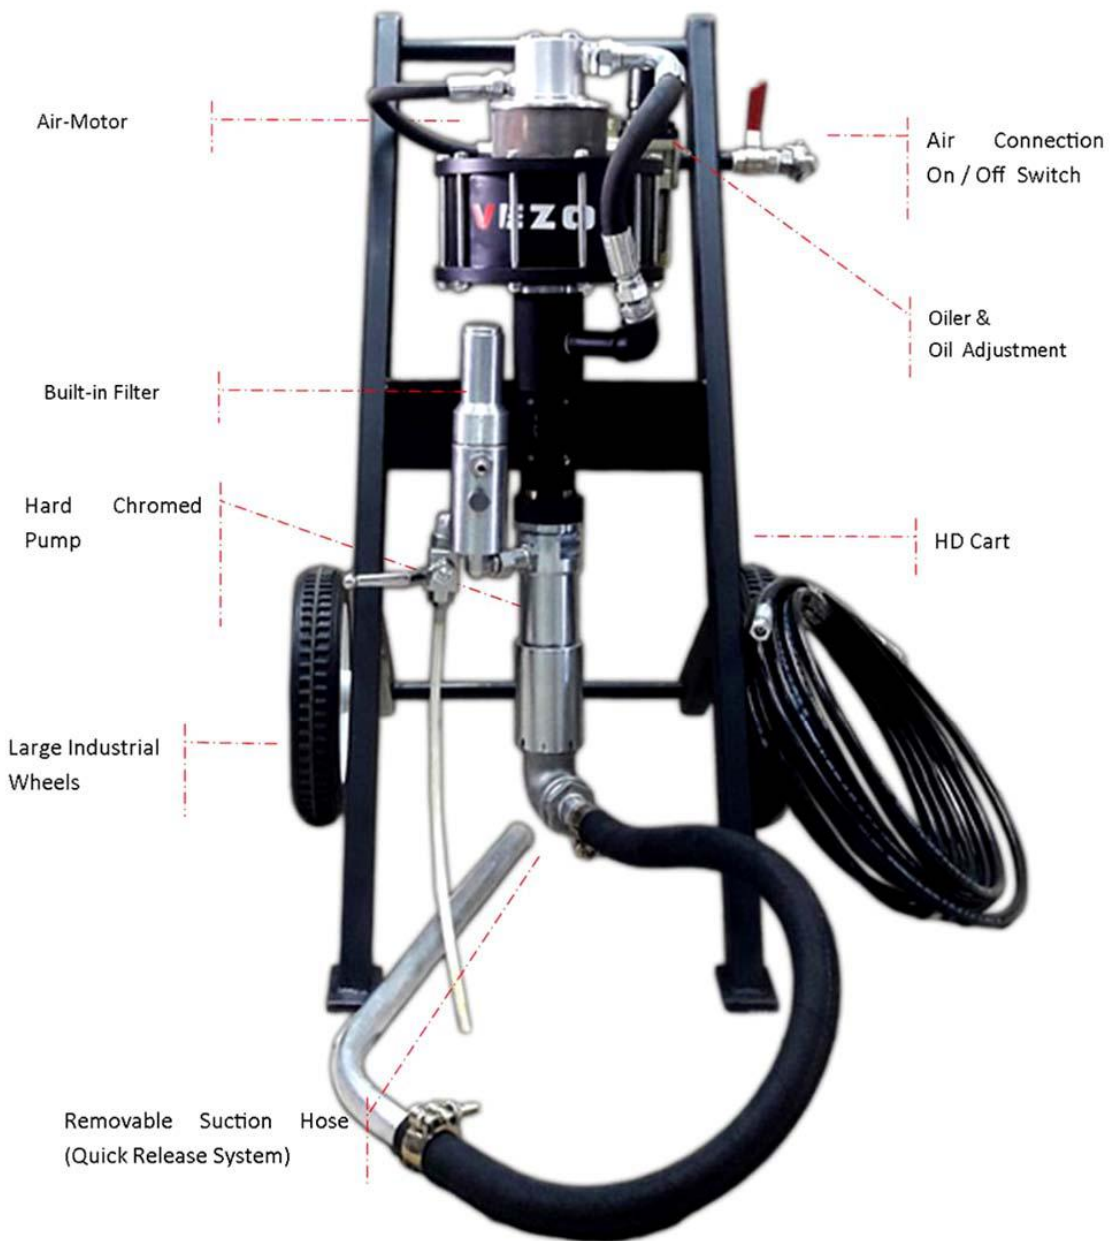

Pneumatic Pump Z-SPRAY 68:1

Part Number	23.1002837
Air operated pump	FX 68
Motor size	2300
Fluid pressure ratio	68:1
Max. output pressure	476bar / 47.6 MPa
Max. air input pressure	7 bar / 0.7 MPa
Fluid flow (@120cpm)	8lit/min
Stroke Length	70mm
Displacement Pump	67cc
Pump fluid inlet	1 1/2" BSP
Dimensions (L*W*H)	65*61*96cm
Weight	65 Kg

Z-PNEUMATIC

high pressure pneumatic airless

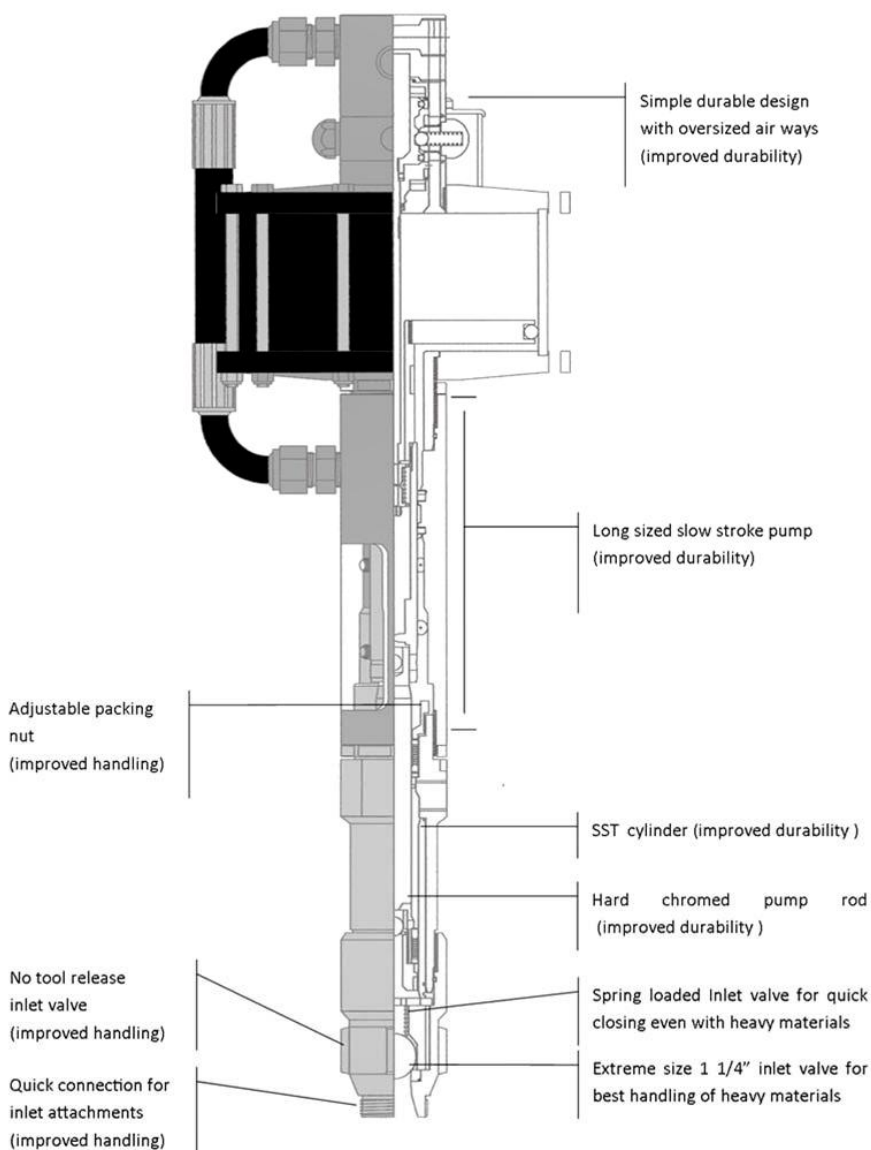

FX Air operated pumps

FX-PUMPS

air fluid pumps

FX pumps are designed to work in harsh conditions, with working pressure up to 500 bar / 50 MPa. Simple design with large air passages, reducing any icing effect and with an easy service & maintenance systems. Ideal for heavy materials and high production rates.

Air operated pump FX 68

Part number	98.1005421
Motor size	2300
Fluid pressure ratio	68:1
Max. fluid output pressure	476 bar/ 47.6 MPa
Max. air input pressure	7 bar / 0.7 MPa
Fluid flow (@120cpm)	8 lit / min
Stroke Length	70 mm
Displacement Pump	67 cc
Hydraulic oil inlet	UNF 3/4 - 16 JIC 37
Pump fluid inlet	1 1/2" BSP
Pump fluid outlet	1/2 BSP

Air operated pump FX 40

Part number	98.1005422
Motor size	4600
Fluid pressure ratio	40:1
Max. fluid output pressure	285 bar/ 28.5 MPa
Max. air input pressure	7 bar / 0.7 MPa
Fluid flow (@60cpm)	13.8 lit / min
Stroke Length	140 mm
Displacement Pump	230 cc
Hydraulic oil inlet	UNF 3/4 - 16 JIC 37
Pump fluid inlet	1 1/2" BSP
Pump fluid outlet	1/2 BSP

Air operated pump FX 80

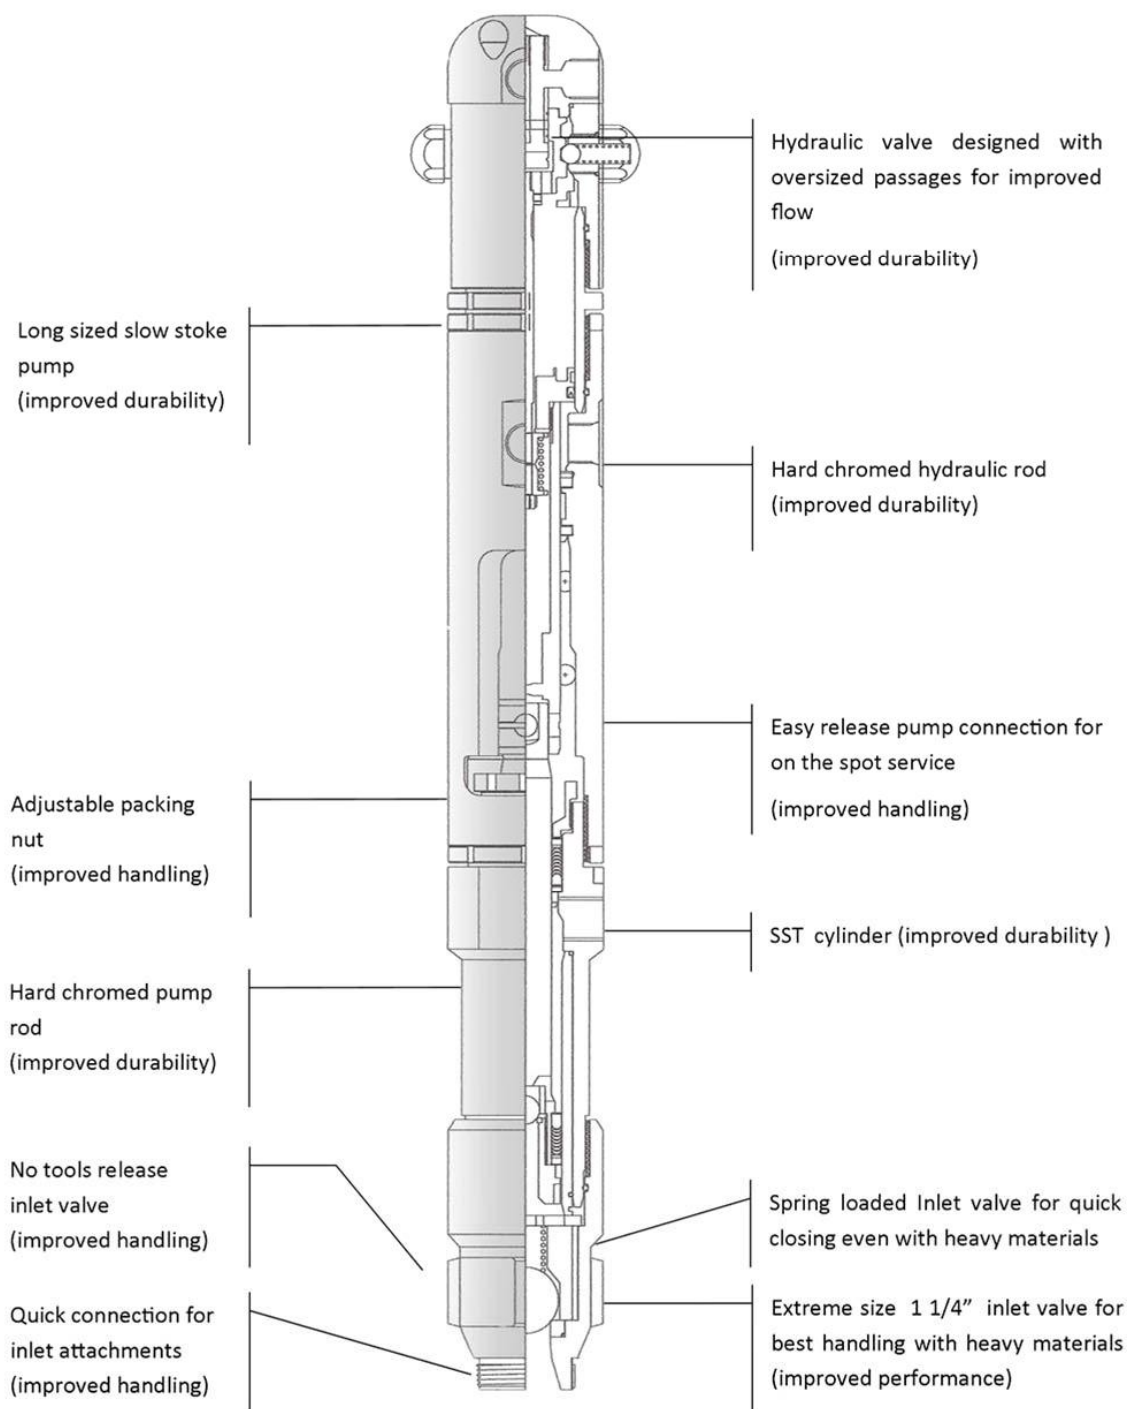

Part number	98.1005423
Motor size	8900
Fluid pressure ratio	80:1
Max. fluid output pressure	500 bar/ 50 MPa
Max. air input pressure	6.5 bar / 0.65 MPa
Fluid flow (@60cpm)	13.8 lit / min
Stroke Length	140 mm
Displacement Pump	230 cc
Hydraulic oil inlet	UNF 3/4 - 16 JIC 37
Pump fluid inlet	1 1/2" BSP
Pump fluid outlet	1/2 BSP

HYDREX - Fluid Transfer Pumps

Hydrex robust hydraulic pumps have a heavy duty design, ensuring long working life. Hydrex pumps have a large stroke design for increased durability and higher suction power. Ideal for high viscosity materials and long operation hours.

Hydraulic Fluid Pump Hydrex 67cc

Part Number	97.1005401
Fluid pressure ratio	1,85:1
Max. fluid output pressure	260 bar/26 MPa
Max. hydraulic input pressure	140 bar/ 14 MPa
Oil flow (@60cpm)	7.4 lit /min
Fluid flow (@60cpm)	4 lit / min
Stroke Length	70 mm
Displacement Pump	67 cc
Hydraulic oil inlet	UNF 3/4 - 16 JIC 37
Pump fluid inlet	1 1/2" BSP
Pump fluid outlet	1/2 BSP

Hydraulic Fluid Pump Hydrex 230cc

Part Number	97.1005501
Fluid pressure ratio	1,1:1
Max. fluid output pressure	155 bar/15.5 MPa
Max. hydraulic input pressure	140 bar/ 14 MPa
Oil flow (@60cpm)	15.2 lit /min
Fluid flow (@60cpm)	13.8 lit / min
Stroke Length	140 mm
Displacement Pump	230 cc
Hydraulic oil inlet	UNF 3/4 - 16 JIC 37
Pump fluid inlet	1 1/2" BSP
Pump fluid outlet	1/2 BSP

PROGRIND Surface Preparation-Deck Scarifiers

VEZOS deck scarifiers are the best choice due to their tough construction, high productivity & proven technology in the marine industry. The ProGrind head cutter is located in the front of the unit, leaving the less possible untreated surface and reaching close to the edge of the surface. Changeable cutting tools can be adjusted, such as chisels, cutting stars, brushes & diamond cutters, depending on the application use.

ProGrind 250 scarifiers have an adjustable height regulator, changing the cutting depth.

**Deck Scarifier ProGrind 250 G**

Part number	23.1004329
Dimensions	60*110*115cm
Weight	90 kg
Engine	5.5 hp Gas Honda GX
Working Width Track	250mm
Cutter Head	Chisels/Brushes

Deck Scarifier ProGrind 250 E4

Part number	23.1004327
Dimensions	60*110*115cm
Weight	90 kg
Motor / Engine	4 hp electric motor
Electric	220 volt
Working Width Track	250 mm
Cutter Head	Chisels/Brushes

Deck Scarifier ProGrind 250 E5

Part number	23.1004328
Dimensions	60*110*115cm
Weight	90 kg
Motor / Engine	5.5 hp electric motor
Electric	380 volt / 50hz - 3 phase
	440 volt / 60hz - 3 phase
Working Width Track	250 mm
Cutter Head	Chisels/Brushes

Deck Scarifier ProGrind 120 E

Part number	23.1004330
Dimensions	36*75*93 cm
Weight	49 kg
Motor	2 hp electric motor
Electric	220 volt
Working Width Track	120mm
Cutter Head	Chisels
